Q My oculus ~~~

I can help it

I can't connect my laptop with HoloLens 2.

We tried to do what they say in this video but nothing works for us.

<https://youtu.be/dOsYerpKloY>

Is there anyone who can help us with this?

Design Challenge

Design a Web/AR to enable students, teachers, and visitors in this building to let each other help in one minute.

AI

Our Issues

We are having a hard time with

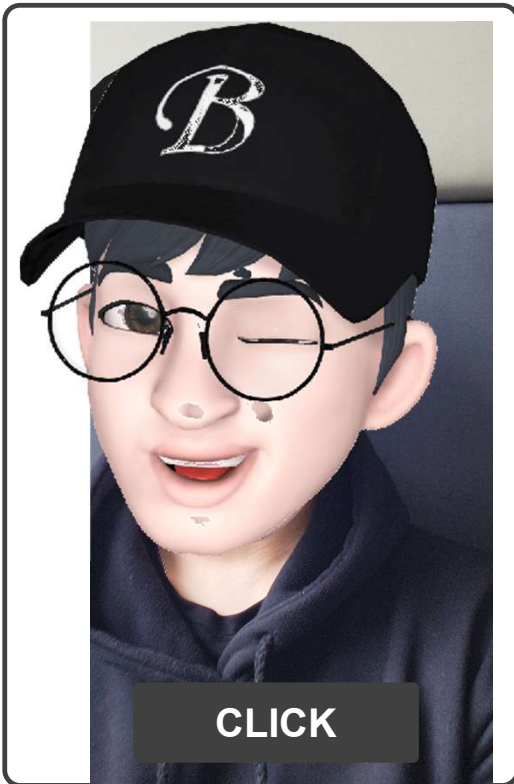

1. 3D sound effect in AR
2. Connecting Hololens2 with our PC wireless using wifi
3. Make an object touchable in AR

← Scan it
if you're interested
in our Project!
